#### PART IV-A

Rule and Orders (Other than those published in Parts I, I-A, and I-L) made  
by the Government of Gujarat under the Central Acts

#### HOME DEPARTMENT

##### Notification

Sachivalaya, Gandhinagar, 5<sup>th</sup> January, 2013

**No.GG/ 01 /SB.2/COM/132011/GAD/165505:-** In exercise of the powers conferred by section 357-A of the Code of Criminal Procedure, 1973 (Central Act No. 2 of 1974), the State Government hereby frame the scheme for providing funds for compensation to the victims or their dependents, who have suffered loss or injury on account of offence against body and who require rehabilitation, namely:-

**1. Short Title :-** This scheme may be called the Gujarat Victim Compensation Scheme, 2013.

**2. Definitions:-** (1) In this scheme, unless the context otherwise require,-

(a) "Code" means the Code of Criminal Procedure, 1973 (Central Act No.2 of 1974);

(b) "Schedule" means Schedule appended to this scheme;

(c) "State" means the State of Gujarat; and

(d) "Victim" means a person who has suffered loss or injury as a result of crime and require rehabilitation and the expression victim includes his/her dependents

(2) Words and expressions used herein and not defined but defined in the Indian Penal Code 1860 (Central Act No.45 of 1860) or the General Clauses Act, 1955 (Central Act No. VIII of 1955 Act) have the same meanings respectively as assigned to them in the Code and the General Clause Act 1955.

**3. Victim Compensation Fund.-** (1) There shall be constituted a fund namely Victim Compensation Fund from which amount of compensation under this scheme shall be paid to the victim or his/her dependents.

(2) The State Government shall allot a separate budget for this scheme every year.

(3) The fund shall be placed at the disposal of the Secretary, Legal Department.

**4. Eligibility.-** A victim or his/her dependents shall be eligible for the grant of compensation if:-

(a) the perpetrator of a heinous crime is not traceable or goes unpunished after trial, but the victim is identifiable and has to incur expenses on physical and mental rehabilitation, such victim may also apply for the grant of compensation under sub-section (4) of section 357-A of the Code;

(b) the offender is not traced or identified, but the victim is identified, and where no trial takes place, such victim may also apply grant of compensation under subsection (4) of section 357-A of the Code;

(c) the victim/claimant report the crime without unreasonable delay to the Judicial Magistrate of the area provided that the State Legal Services Authority or the District Legal Services Authority if satisfied, for the reasons to be recorded in writing, may condone the delay.

**5. Procedure for grant of compensation.-** (1) Whenever a recommendation is made by the Court under Sub-section (2) and (3) or an application is made by any victim or his/her dependent under sub-section (4) of section 357-A of the Code to the District Legal Service Authority or the State Legal Service Authority, as the case may be, District Legal Service Authority or the State Legal Service Authority shall examine the case and verify the contents of the claim with regard to the loss or injury caused to victim/claimant and arising out of the reported criminal activity and may call for any other relevant information necessary in order to determine genuineness. The District Legal Service Authority or the State Legal Service Authority, as the case may be, shall award compensation within two months, in accordance with provisions of this Scheme.

(2) The District Legal Service Authority or the State Legal Service Authority, as the case may be, shall decide the quantum of compensation to be awarded to victim or his/her dependents on the basis of loss caused to the victim, medical expenses to be incurred on treatment, minimum amount required for rehabilitation including such incidental charges as funeral expenses etc. The compensation may vary from case to case depending on facts of each case.

(3) Compensation under this Scheme shall be paid subject to the condition that if the trial court while passing judgment at later date, order the accused persons to pay any amount by way of compensation under sub section (3) of section 357 of the Code, the victim/claimant shall remit an amount equal to the amount of compensation already paid, or the amount ordered to be paid under the said sub section (3) of section 357 of the Code, whichever is less. An undertaking to this effect shall be given by the victim/claimant before disbursement of the compensation amount.

(4) The quantum of compensation decided by the District Legal Service Authority or the State Legal Service Authority, as the case may be, shall be disbursed to the victim or his/her dependents, as the case may be, from the Victim Compensation Fund.

(5) Compensation received by the victim from the State in relation to the crime in question, namely, insurance, **ex-gratia** and/ or payment received under any other Act or scheme run by the State shall be considered as part of the Compensation amount under this scheme and if the Compensation amount granted under this scheme exceeds the payments received by the victim from collateral sources mentioned above, the balance amount shall be paid out of Victim Compensation Fund.

(6) The case covered under Motor vehicle Act, 1988 (Central Act No.59 of 1988) wherein Compensation is to be awarded by the Motor Accident Claims Tribunal, shall not be covered under the Scheme.

(7) The District Legal Service Authority or the State Legal Service Authority, as the case may be, to alleviate the suffering of the victim, may order for immediate first aid facility or medical benefits to be made available free of the cost on the certificate of the police officer not below the

rank of the officer in charge of the police station or Magistrate of the area concerned, or any other interim relief as it may deem fit.

(8) The quantum of compensation to be awarded to the victim or his/her dependants shall not exceed the maximum limit as per Schedule.

**6. Order to be placed on record.-** Copy of the order of compensation passed under this scheme shall be placed on record of the trial Court to enable the court to pass on order of compensation under sub-section (3) of section 357-A of the code.

**7. Recovery of Compensation:-** (1) The District Legal Service Authority or the State Legal Service Authority, as the case may be, if deemed fit, shall institute proceeding before the competent Court of Law in consultation with the office of concerned public prosecutor for recovery of the compensation granted to the victim or his/her dependants from the person responsible for causing loss or injury as a result of the crime committed by them.

(2) The amounts, so recovered, shall be deposited in the Victim Compensation Fund.

#### Notification

Sachivalaya, Gandhinagar, 22<sup>nd</sup> April, 2013.

No. GU/2013/38/ELA/11-2012/2401/K: In pursuance of rule 29 of the Central Electricity Authority (Measuring related to safety and Electricity Supply) Regulation 2010, the Government of Gujarat has prescribed Regulations and Conditions for Issuing Certificates of Competency under Regulation 29 of the Central Electricity Authority (Measuring related to safety and Electricity Supply) Regulation 2010. As provided under regulations 48 of the said Regulations, the fees for services rendered by Licensing Board are prescribed as under:

#### Fees

Examination:-	Rs.
(a) Admission to examination for supervisors	500.00
(b) Grant of competency certificate and Supervisor's permit to a successful candidate	Nil
(c) Admission to Examination for Wireman.	200.00
(d) Grant of certificate and wiremen's permit to a Successful candidate	Nil
(I) Certificates and permits to candidates who are exempted from the examinations:-	
(a) Supervisors.	500.00
(b) Wireman.	200.00
(II) Contractor's License:-	

	Initial fees	5000.00
	Renewal fee (5 Years, Rs. 600.00 per annum)	3000.00
(III)	(a) Inter-state recognition fee for initial supervisor's permit	500.00
	(b) Inter-state recognition fee for initial wiremen's permit	300.00
	(c) Inter-state recognition fee for renewal of supervisor's permit	500.00
	(d) Inter-state recognition fee for renewal of wiremen's permit	300.00
(IV)	(a) Duplicate supervisor's Certificate	300.00
	(b) Duplicate supervisor's permit	300.00
	(c) Duplicate wiremen's Certificate	200.00
	(d) Duplicate wiremen's permit	200.00
	(e) Duplicate supervisor's / wiremen's mark sheet	250.00
(V)	Duplicate Contractor's License	1000.00
(VI)	Name change for contractor's License	2500.00

Note:- All fees for examination, Contractor's License and the renewal thereof and any other fees levy in this connection, shall be paid into a Government Treasury in the Gujarat State.

##### Notification

Sachivalaya, Gandhinagar, 22<sup>nd</sup> April, 2013.

No. GU/2013/39/ELA/11-2012/2401/K: In pursuance of Regulation 29 of The Central Electricity Authority (Measuring related to safety and Electricity Supply) Regulation 2010, the Government of Gujarat has prescribed Regulations and Conditions for Issuing Certificates of Competency under Regulation 29 of the Central Electricity Authority (Measuring related to safety and Electricity Supply) Regulation 2010. As provided under regulation 22 of the said Regulations, the syllabus for the Electrical Supervisor's Examinations and Wireman Examinations conducted by Licensing Board are prescribed as under:

#### VI. SUBJECTS FOR EXAMINATION

1. Syllabus for the Electrical Supervisor's examination:- The Examination will consist of:-
  - (1) The following three written papers each of two hours' duration, and each carrying 50 marks:-
 

Paper (I) Compulsory	:-	Electricity – Theory (Elementary Knowledge).
Paper (II) Optional	:-	Electricity utilization to be taken up by the candidates desiring to qualify for domestic industrial and other installations.
Paper (III) Optional	:-	Mines installations-to be taken up by the candidate desiring to qualify for electrical installations in mines.

- (2) \*An oral and practical test carrying 50 marks.

To pass the examination a candidate must secure 20 marks in each written paper and 20 marks in the oral and practical tests.

No certificate shall be issued unless a candidate passed in the papers (I) and (II) c (I) and (III). Candidates have passed in papers I and II and desire to qualify for installations, shall be exempted from re-appearing in paper I.

Paper III :- Mines Installations.

## SYLLABUS

### PAPER-1

#### ELECTRICITY THEORY (ELEMENTARY KNOWLEDGE)

Principle of electricity: - Electric pressure, current and resistance, Ohms' law, Specific resistance. Law of resistance and their application for calculating voltage drop. Series and parallel circuits Practical unit of voltage current, resistance power and energy. Relation between electrical power unit (KW) and mechanical power unit (HP).

Electromagnetism :- production of E.M.E. and Flemings hand rule. Magnetic chemical and heating effects of electric current. Magnetic properties of material. Electromagnet and their applications.

Material :- Conductors, non-conductor and insulators insulating materials and their relative merits. Transformer oil. Effect of heat and moisture on insulation. Lubricants and their uses.

Different type of wires, cables, switches, circuit breakers, cutouts etc. and their safe current carrying capacity. Use of table and data sheets generally given in electrical hand books.

Generation of Electricity- Natural source of energy Type of prime movers. Method of producing Electro Motive Force, alternating current and direct current.

A.C. Generators (Alternators) - Essential components and constructional features. Method of voltage and frequency control. Condition and method for synchronizing. Simple associated switch and its accessories.

D.C. Generators:- Essential components and constructional features. Shunt. Series and compound dynamo and their characteristics Causes of sparking Interpoles, Commutators and their maintenance. Carbon brushes, their adjustment and care. Method of voltage regulation. Condition for parallel operation. Simple associated switch board and its accessories.

Batteries :- Primary cells. Dry cell, storage or secondary batteries or accumulators and their installation. Lead acid cells. Nickel iron or alkaline cell. Initial and subsequent charging of batteries charging circuits and their calculation. Series and parallel circuits maintenance of batteries Use of hydrometers.

A.C. Motors :- Theory of induction, (squirrel cage and slip ring type) synchronous and commutated motors, their uses, installation method of starting and speed control and reversal of direction.

D.C. Motors:- Theory of series, shunt and compound wound type motors their uses installation method of starting and speed control and reversal of direction.

A.C. Circuit :- Knowledge of vectors, phase and phase difference, inductance and Capacitance in an A.C. Circuit. Periodicity or frequency. Power and power factor. Single phase and three phase systems. Star and delta connections. Phase sequence.

Controlling and Regulating Gear :- Knowledge of various type of switches and circuit breakers and cut-outs, starters, regulators, protective device for both A.C. and D.C. motors and their wiring with the motors.

Transformation :- Knowledge of single phase and three phase transformers, their construction, use and maintenance. Phasing out.Parallel working.

Auto-transformer:- Transformer tapping, Temperature rise. Instrument transformer.

Conversion :- Principle of operation of motor generators sets, rotary convertors, and mercury are rectifiers.

Transmission and Distribution :- (a) Overhead lines and simple calculations and general principle of construction of low, medium and high pressure lines, size of conductors. Lengths of spans, sags, strength of poles, spacing of conductors, cross arms, effect of temperature, wind pressure ice and snow tension on wire insulators, brackets, stays, struts, guard-wires and other protective devices. Earthing and lightning arrestors and lightning conductors and their testing and fault location. (b) Underground Cables :- Simple calculation and general principles of laying cables direct in ground in through pipes, handling, bending, jointing, plumbing underground and above ground junction boxes. Distributions board and pillars.Joint box compound melting of compound and feeling boxes with compound.Testing and fault location.

Illumination :- Metal filaments lamps fluorescent lamps circuits. High voltage luminous tube Sign installations.Photometric unit and simple measurements.General requirements of efficient lightning and its elementary calculations.Street lightning Time switches.

Safety rules :- Working knowledge of:-

- (I) Measures Related to Safety and Electric Supply Regulation,2010
- (II) Wirings Rules
- (III) Protection and restoration of person suffering from electric shock.

## PAPER-II ELECTRICITY-UTILIZATION

Domestic Installations.

Wiring :- Wiring layouts of different types such as cleat lead covered wood casing and capping, cab type sheathed, conduit and cables for lighting and power installation in residential premises together with the necessary switchgear. Estimates of materials and cost of different types of installations.Wiring of temporary installation and portable appliances.

Circuit Diagrams :- Electrical connection of various circuits. For-

- (I) House wiring including those for main and sub-distribution board, switches and cutouts etc. together with the load statement for each circuit, and
- (II) Lifts with their safety devices.

Apparatus-installation and maintenance of heaters, cookers, refrigerators, and other domestics appliances, electric bells and indicators. Small motors for pumps and electric lifts.

Energy measurement and charges-Energy meters both D.C. and A.C. for house service.

Simple calculation relating to cost of energy. Elementary knowledge of methods of charging for energy.

Testing and fault attendance:- Detection and location of fault in domestic appliances and wiring installations. Insulation and continuity tests.Rectification of faults.Tests for insulation resistance to earth.Earth testing.

Protective devices- Elementary knowledge of use of fuses and cutouts.

Earthing of domestic appliances, motors etc. Use of lightning arrestors.

**Industrial installations.**

**Wiring:-** Wiring layouts of different types such as cleat, wood casing and capping, metal sheeted, cab type, sheeted, conduit and armored cables for lighting and power installation and industrial premises together with the necessary switchgear. Estimates of a material and cost of different type of installations wiring of temporary installation and portable appliances.

**Circuit Diagram- Electrical connection for :-**

- (I) D.C. and A.C. generators, switch-board, transformer.
  - (II) Main and sub distributing board with circuit breakers switch fuse-units, with load statement for each circuit.
  - (III) D.C. and A.C. motors, their starters, regulators.
  - (IV) Battery charging equipment.
  - (V) Converting machinery.
  - (VI) Lifts with their safety devices.
- Pump installation:-** General principle and elementary calculation of head, power and energy requirements.

**Apparatus :-** Installation and maintenance of generators, electric motors, electric lifts, electric furnaces, electric welding plants haulage and winding machines, cooling and heating appliances.

**Power and energy measurement and charges :-** measurement of power, Wattmeter, Energy meters, both D.C. and A.C. power factor correction by capacitors.

Simple calculations relating to cost of power and energy. Elementary knowledge of methods of charging for demand and energy.

**Testing and fault attendance :-** Detection and location of fault in D.C. and A.C. generators, motors, overhead distribution lines and underground cables, electrical instruments and apparatus and wiring installations, Rectification of fault, Insulation and continuity tests. Tests for insulation resistance to earth. Earth testing.

**Protective device-** Elementary knowledge of earthing of generators, motors, machines, installations and appliances use of lightning arrestors, fuses, including higher rupturing capacity of fuses, cutouts, circuit breakers, overload and no volt protection thermal trips. Field breaking switches and over speed protection.

### PAPERS – III MINES INSTALLATIONS

**Wiring-** Wiring layouts of different types such as cleat, lead covered, wood casing capping, cab-type sheathed, conduit and cables for lighting purposes and conduct and cables for power installation with necessary switchgear. Different types of trailing cables and their uses.

(i) **Circuit Diagrams :-** Electrical connection for :-

- (a) D.C. and A.C. generators, switch boards, transformer etc.
- (b) Distribution boards with circuit breakers, switch fuse units and gate lend switches with load statement for each circuit.
- (c) D.C. and A.C. motors, their starters and regulators.

(ii) **Apparatus :-** Installation and maintenance of :-

- (a) Electric, winders, haulages and pump unit their control gear and starters.
- (b) Rectifier, rotary converters and electric locomotives.

- (c) Portable and transportable machineries. Coal cutting machines loaders, conveyers, Gate Lend switches drill panels with drill unit and their control system.

(III) General principles and elementary calculation of load power and energy consumption in pumping hauling and winding installation and other working face machineries.

Power and Energy measurement and charges :- Measurement of power, Wattmeter, energy meters both D.C. and A.C. power factor correction by capacitors, simple calculation relating to cost of power and energy. Elementary knowledge of method of charging for demand and energy.

Testing and Fault attendance :- Detection and location of earth or other fault in electrical apparatus and cables.

Insulation and continuity test. Rectification of faults. Tests protective device. Earth testing.

Protective devices :- Elementary knowledge of earthing of metal frames of machineries, Use of fuse, Overload, No volt and earth leakage protection of circuit breakers.

Safety Rules :- Working knowledge of earthing of – The Central Electricity Authority (Measuring related to safety and Electricity Supply) Regulations 2010 with particular reference to chapter.

Note :- Candidates desiring to qualify only for electrical installation mines need not appear for compulsory section under part II. Part I, however, compulsory for such candidate also.

### ORAL AND PRACTICAL TEST.

An oral and practical test based on the syllabus written papers will be held.

2. **Syllabus for wiremen's examination** – The examination will consist of practical test (3 Hours) carrying 100 marks and written test (2 Hours) carrying 40 marks in the examination and oral test carrying ten marks.

To pass the examination the candidate must secure at least fifty marks in practical, fifteen marks in written and oral test and an aggregate of seventy five marks in the examination.

Electric pressure (Volts).

Electric Current (amperes)

Power (Watts)

Energy (Watt-hour)

Ohm's Law

Difference between A.C. and D.C. supply.

Conductors and insulators.

Use of Standard wire Gauge.

Connection of voltmeters and ammeters.

Reading of Energy Meters.

Simple calculations of power and energy.

Testing the supply for OFF and ON A.C. and D.C.,

Positive and Negative Live and Dead conductors

Various uses of the Test Lamp and Bell.

Connection and Diagrams for distribution and fuse boards.

Cut-out Ceiling roses, Lamp holders, Switches (including two way and intermediate)

Wiring of fittings of small motors and other domestic appliances.

Wiring on cleats, in wood casing metal sheeted T.R.S.PVC.

Cab Type sheeted, conduits etc.

The installation of electric bells and indicators.

Connection of A.C. and D.C. fans and regulators, common fault in them and their remedies.

Knowledge of danger point simple lighting and power installation.

Method of carrying (Overhead) bare PVC, lead covered, Cab Type sheeted wires and latest type of wires over short distances.

Testing for faults.Measuring insulation resistance to earth by megger.  
Precaution and method of treatment in case of a person suffering from electric shock.  
Making straight and tee joints in stranded insulated wires.  
Soldering lugs on wires and cables.  
Making joints such as Britannia, Western Union in bare copper aluminum and A.C.S.R. wires.

#### CONSTITUTION OF INDIA

NO.GHKH/23/2013/FDE/102008/114/Z:- In exercise of the powers conferred by the proviso to article 309 of the Constitution of India and in supersession of all the rules made in this behalf, the Governor of Gujarat hereby makes the following rules to provide for regulating recruitment to the post of Administrative Officer, Class II, in General State Service under the Commissionerate of Fisheries namely:-

1. These rules may be called the Administrative Officer, Class II, Recruitment Rules, 2013.
2. Appointment to the post of Administrative Officer, Class II in General State Service under the Commissionerate of Fisheries shall be made either :-
  - (a) by promotion of a person of proved merit and efficiency from amongst the persons who;
    - (i) have worked for not less than seven years in the cadre Office Superintendent, Class III, in the subordinate service in the Commissionerate of Fisheries;
    - (ii) have passed the prescribed departmental examination; and
    - (iii) have passed the qualifying examination for computer knowledge in accordance with the provisions of the Gujarat Civil Services Computer Competency Training and Examination Rules, 2006;

Provided that where the appointing authority is satisfied that a person having the experience specified in clause (i) above is not available for promotion and it is necessary in the public interest to fill up the post by promotion even of a person having experience for a lesser period; it may, for reasons to be recorded in writing, promote such person who possesses experience of a period of not less than two thirds of the period specified in clause (i) above; or

(b) by direct selection;

3. The appointments by direct selection and promotion shall be in the ratio of 1:5 respectively.
